

Dear Mr. Bause-Mason:

This letter is to voluntarily transfer control of Dolby's Class 14 Universal Labels, identified in the XML file "30MR-REG-DD-Dolby_ADM-labels.xml" (the "Dolby ULs") in the attached ZIP package to SMPTE.

The UL are used to identify Dolby ADM/S-ADM profiles for Dolby E and Dolby Atmos.

Dolby hereby consents, in perpetuity, to SMPTE's: (i) registration of the Dolby ULs with the SMPTE registries; and (ii) use of the Dolby ULs so included in SMPTE STs.

For clarification: (i) no rights, licenses, permissions or consents are granted under this letter except as expressly provided herein; (ii) nothing in this letter grants any license, right, title or interest in or to any patents owned or controlled by Dolby, either directly or by implication, estoppel or otherwise; and (iii) Dolby makes no warranties regarding the Dolby ULs nor any use of the same.

I trust this letter provides a contribution to SMPTE's efforts to open media technology.

Sincerely,

Name: 

Title: STANDARDIZATION ENGINEER
