Vuzix Corporation

Vuzix Wear Wireless is a high-end pair of video headphones that provide users with a streaming wireless personal home theater and mobile wearable gaming solution that extends the small mobile screen into a huge 120" screen that is connected to the web or smartphone for access to content on the go.
SATellite TV
SMARTWHEEL

SMARTwheels Inc.
SMARTwheels®

SMARTwheels® is the first integrated steering wheel cover that helps prevent distracted driving by alerting drivers to drivers who are devoting attention to phone use and phone-related driving hazards. It is easily installed, and just as easily removed via the companion app.
THE FUN STUFF

Kickstarter, Indiegogo, and More
INTERNET OF THINGS
ResetPlug

A smart plug to resolve your WiFi router/modem and reset devices if WiFi fails.

Works with any WiFi router, any WiFi access point, and any broadband modem.
Also works with any all-in-one combination device (Router/Modem/AP).

Use a power strip to monitor three separate devices (Router/Modem/AP) with one ResetPlug.

Do you have devices that depend on your WiFi to be working?
- Security cameras
- Thermostat
- Smart appliances
- Smoke alarm
- CO alarm
- Smart TV/DVR
- Remote computers
- Sensors
- Security alarm
- Smart lighting
- File servers
- Other IoT devices
