Room RCC-204 - Eaton Lecture Theatre  
80 Gould Street, Toronto M5B 2K3

**Arranged By:** Leigh Whitcomb and Paul Briscoe

**Sponsors:** Toronto Section Technical Seminar

---

**Calling all Engineers and Geeks. Inspired by Engineers week (Feb. 16-22) in the US and National Engineering Month (March) in Canada, this month’s meeting is about putting the ‘E’ in SMPTE.**

The Consumer Electronics Show (CES) was held last month in Las Vegas. This is a showcase of the new and cool electronics for consumers. Learn how this will impact you.

The SMPTE Engineering Standards committees drive the development of standards that enable interoperability. With 4K and IP coming to our industry, there are many new standards being worked on. Learn about what’s being worked on at SMPTE.

**Paul Stechly**, President of Applied Electronics will present “A Picture Tour of CES”.

**Randy Conrod, SMPTE** Canadian Governor will speak on his new role.

**Alan Lambshead**, (SMPTE Standards Vice President), **Leigh Whitcomb** and **Paul Briscoe** (SMPTE Standards Committee members) will give an update on SMPTE standards. Topics they will cover include:

- Video Over IP (SMPTE 2022 family)
- Audio Over IP (AES-67)
- Network Genlock (SMPTE 2059)
- Media device control over IP
- 4K and UHDTV
- The UHDTV Ecosystem
- Lip Sync
- SMPTE 12-1 Timecode for 48 FPS

---

The SMPTE Board of Managers will meet in Room RCC-102, starting at 4:45 PM.

*Pizza & Pop Dinner is provided at 6:30pm, there is no break between presentations*

---

*We Set the Standard for Motion Imaging*
