---

After 25 years in the same location, 424 Adelaide Street East, Deluxe Toronto moved to a new, 62,000 square-foot state-of-the-art facility, 901 King Street West. The relocation to the new post-production and digital media facility was completed January 2014. Deluxe has taken over the top three floors of this modern building. Deluxe Toronto’s post facility provides a complete workflow of services for the Features, Television and Commercials communities. Deluxe Toronto offer 2D and 3D services for film and data dailies, Television post production, 2D and 3D Feature Digital Intermediates, and all of the deliverables including Digital Cinema Masters, HD Masters, DVD, and Digital Files. Four sound mixing theaters operate at this location providing the complete sound mix.

This evening SMPTE members will hear from the Deluxe Post Production team on the facility and be treated with a tour. Speakers for the evening will include:

**Speakers –** Thomas Kodoros, Dolby Laboratories. Thomas will speak about Dolby Atmos.

Greg Hull, VP Engineering, Jeff Dewolde, VP Operations & Technology, Media Services and Nick Iannelli, VP Operations, Postproduction will speak to the construction and experiences in building the facility.

**Facility Tour** - Following the presentations, Deluxe staff members will host a behind the scenes facility tour and a demonstration to the Atmos system.

---
