Topic: **CBC/Radio-Canada: Automated and Remote Control Room**

Date: Tuesday, January 15, 2018

Time: Presentations: 7:00 p.m. **(Pizza & Pop Dinner is provided at 6:30 p.m.)**

Location: CBC/Radio-Canada - Conference room B

250 Front St W, Toronto, ON M5V 3G5

(Please check-in with security at Front Street Entrance)

Arranged By: Nadia Aftab & Tony Meerakker

Sponsor: SMPTE Toronto Section

SMPTE Toronto section's first meeting of 2019 will feature the newly commissioned automated and remote control rooms at CBC/Radio-Canada. The topic will be on CBC's approach to using control room automation in their HD TV control rooms in Toronto to remotely deliver local TV news shows across the country and to produce daily Network News. This meeting will be a **SMPTE member only meeting** and will be an exciting opportunity to learn about the technical and operational challenges of deploying & utilizing these control rooms. Following the meeting, we will enjoy a tour of the control rooms.

Presenters for the meeting include:

Paul Stoikoff – Director, Engineering Solutions, MTIS

Melissa Mercer – Sr. Manager, News Production Services

Security protocols are in place at CBC/Radio-Canada. This is a members-only event; members must RSVP in advance and check-in at the venue.

It is election time again. This is a great opportunity for others to get involved in our SMPTE Toronto Section as a Board Manager. We are looking for members to help in the planning and vision for our local section. Please drop us a line at smpdetoronto@outlook.com if you are interested in becoming part of the election process. We will send you details on what becoming a board member entails. SMPTE Toronto Section is always looking for individuals and don't forget this looks great on a Linked In profile.

The SMPTE Board of Managers will meet in conference room D at 5 p.m.

Pizza & Pop Dinner is provided at 6:30 p.m., there is no break between presentations

Are you a SMPTE Member? Join or Renew at <https://www.smpete.org/join>
